Major Medical Benefit

General rule

You need to contact us for pre-authorisation before making use of your Major Medical Benefits, such as when you are admitted to hospital. You must obtain a separate pre-authorisation from Momentum Medical Scheme for any in-hospital physiotherapy. For some conditions, like cancer, you will need to register on a health management programme. Momentum Medical Scheme will pay benefits in line with the Scheme Rules and the clinical protocols that Momentum Medical Scheme has established for the treatment of each condition. We provide authorisation subject to the principles of funding allocation, which are based on proven evidence-based medicine, clinical appropriateness and cost effectiveness.

If you do not get pre-authorisation, the Scheme will only cover 70% of the accounts, at the agreed negotiated rates, except in the case of a medical emergency.

Hospital accounts are covered in full at the rate agreed upon with the hospital group. Accounts for Associated specialists are covered in full. Accounts for other specialists are covered up to 200% of the Momentum Medical Scheme Rate. You have either chosen to have access to any hospital, or you chose to use Associated hospitals (see pages 26 and 27 for the list of Associated hospitals).

The sub-limits specified apply per year. Should you not join in January, your sub-limits will be adjusted pro-rata (which means it will be adjusted in line with the number of months left in the year).

Obtaining pre-authorisation for Major Medical Benefits

You must obtain pre-authorisation from Momentum Medical Scheme for:

- hospitalisation
- day hospital admissions
- specialised procedures/treatment
- MRI and CT scans, magnetic resonance cholangiopancreatography (MRCP), whole body radioisotope and PET scans (you have to be referred by a specialist)
- all other Major Medical Benefits.

You must obtain a separate pre-authorisation from Momentum Medical Scheme for any in-hospital physiotherapy.

We provide pre-authorisation once benefits have been verified and Scheme Rules have been applied. If the hospital, doctor or any other third party obtains the authorisation on your behalf, it is important for you to check if you will need to pay any co-payments as a result of not using a Designated Service Provider, Preferred Provider or Network Provider, or as a result of any benefit limits. While pre-authorisation is not a guarantee that your treatment will be covered, it gives you the peace of mind that benefits will be paid in line with Scheme Rules, your option and membership status.

How to obtain authorisation:

1. You can easily obtain authorisation via the Momentum App.
2. Alternatively, contact us via the web chat facility on momentummedicalscheme.co.za, email us at member@momentumhealth.co.za, send us a WhatsApp message or call us on 0860 11 78 59.
3. Make a note of the authorisation number.
4. Give the authorisation number to your service provider.

Information needed when obtaining an authorisation:

- membership number
- the name and details of the patient
- the reason for hospital admission, procedure or specialised scan
- the procedure code (CPT), diagnosis code (ICD-10) and tariff code (these details are available from your treating doctor)
- the date of admission
- the contact details and practice number of the referring GP
- the contact details and practice number of the specialist
- the name and practice number of the hospital, day hospital or radiologist.

Frequently asked questions

Q If I have chosen Associated hospitals as my in-hospital provider, how do I confirm which hospitals are on the Associated hospitals list?

A See the list of Associated hospitals on page 26 and 27. You can also obtain the list on the Momentum App or by logging on to momentummedicalscheme.co.za, or contact us via the web chat facility on momentummedicalscheme.co.za, email us at member@momentumhealth.co.za, send us a WhatsApp message or call us on 0860 11 78 59.

Q Can an authorisation number be issued on the day of admission?

A You need to get authorisation at least 48 hours before admission, unless it is an emergency admission.

Q What happens if it is an emergency admission?

A You, a family member or a friend, must contact us within 72 hours of admission.

Q What if I do not get authorisation in time?

A A co-payment of 30% will apply to all claims relating to the treatment. Momentum Medical Scheme will be responsible for 70% of the negotiated tariffs, provided authorisation would have been granted according to the Rules of the Scheme.

Q What if I need to stay in hospital longer than the period that was originally authorised?

A The hospital needs to contact us to update the length of stay.

Q How does authorisation work for childbirth?

A Contact us within 30 days of your due date to ask for authorisation for your confinement. If your admission date changes, you have 48 hours from the date of admission to notify us.

Q Do I need pre-authorisation to use my prosthesis benefit?

A Yes, you need to obtain pre-authorisation before using your prosthesis benefit. When you contact us for pre-authorisation you should tell our contact centre consultant that a prosthetic device will be used, and he/she will confirm the benefit you have available for prostheses.

Q What if my prosthesis limit is insufficient based on what the doctor has told me the cost will be?

A Although the shortfall between the prosthesis limit and the cost indicated by your doctor will be for your pocket, Momentum Medical Scheme will assist you in getting competitive quotes to try and minimise short payments, where possible.

Q What if the State cannot provide me with treatment for renal dialysis?

A If the State cannot provide you with the treatment you need for renal dialysis, the treating doctor or administration staff at the hospital needs to confirm this in writing. Once this is received, you need to contact us to obtain a list of alternative renal providers authorised by Momentum Medical Scheme.

Q Which traumatic events are covered under the trauma benefit?

A Burns, paraplegia and quadriplegia are covered, subject to qualifying criteria, such as the severity of the burns.

The following conditions are covered if an ICU stay of 5 or more days has occurred:

- conditions resulting from near drowning
- poisoning
- severe allergic reaction
- external and internal head injuries.

Q What benefits are covered under the trauma benefit?

A GP and specialist visits, private nursing, radiology and pathology, psychiatric consultations, wound care for burns, plastic surgery and medication are covered for a period of 18 months following a traumatic event. You need to contact us to get authorisation and provide a motivation from your treating doctor before using these benefits.

Important notes

If you have selected Associated hospitals for your hospital benefits, but obtain services from a hospital which is not on the Associated list, you will have a 30% co-payment on the hospital account, except in the case of emergency medical conditions. Refer to page 26 and 27 for a list of the Associated hospitals.*

**Emergency medical condition means the sudden and, at the time, unexpected onset of a health condition that requires immediate medical or surgical treatment, where failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or would place the person's life in serious jeopardy.*

Momentum Medical Scheme is allowed to stipulate Designated Service Providers from which all members should obtain Prescribed Minimum Benefits, in order to enjoy full cover for these benefits. Momentum Medical Scheme's Designated Service Providers for Prescribed Minimum Benefits are Associated GPs, Specialists and Pharmacies, as well as State facilities, depending on the circumstances. Log on to momentummedicalscheme.co.za to view the providers in your area, or contact us via the web chat facility on momentummedicalscheme.co.za, email us at member@momentumhealth.co.za, send us a WhatsApp message or call us on 0860 11 78 59. Treatment for Prescribed Minimum Benefits is subject to Momentum Medical Scheme's clinical protocols (see Glossary of Terms on page 28).

Using your Health Platform Benefits

You do not need to pre-notify before using Health Platform Benefits, except for dental consultations, pap smears, HPV screening tests, general physical examinations and HIV tests.

1. Where pre-notification is required, you can pre-notify quickly and easily on the **Momentum App**, via the web chat facility or by logging on to **momentummedicalscheme.co.za**. You may also send us a WhatsApp or call us on **0860 11 78 59**.
2. Take note of the authorisation number and tariff code.
3. Give the authorisation number and the tariff code to your service provider.

Information needed when notifying us:

- your membership number
- the name and details of the patient
- the details of the benefit you will be using.

Frequently asked questions

Q What is a tariff code?

- A This is a standard healthcare industry code that identifies the type of procedure done or service provided by the healthcare provider.

Q Why is it important to notify our member contact centre before certain Health Platform Benefits are used?

- A When you pre-notify, an authorisation number is created, which makes it possible for your claim to be paid from the Health Platform Benefit. If you do not pre-notify, your claim will not be paid from the Health Platform Benefit, but from your available Day-to-day Benefit.

Important notes

If you chose Associated as your chronic provider, a 30% co-payment will apply if you do not use an Associated GP for GP consultations covered under the Health Platform Benefit.

Registering for Chronic Benefits

Chronic benefits are subject to registration and approval. Your choice of chronic provider determines how and from where you get your chronic treatment, prescription and medication.

Any provider

The Any chronic provider choice allows you to get your chronic prescription and medication from any provider, subject to an Extended formulary.

If you choose to get your medication from the preferred list of medicines, and within the Momentum Medical Scheme Reference Price if applicable, you will not have a co-payment. However, if your preferred medication costs more than the Momentum Medical Scheme Reference Price, you will have a co-payment for the difference in cost.

If you choose to get non-preferred medication, a 5% co-payment will apply. However, if your non-preferred medication costs more than the Momentum Medical Scheme Reference Price, a co-payment for the difference in cost will be added to the 5% co-payment.

A Your treating doctor needs to call our contact centre on **0860 11 78 59**. The change will be done telephonically and approval is given immediately, subject to criteria being met. You must also provide the updated script to Medipost.

Q What if a new condition is diagnosed?

A You can check if the new chronic condition is covered (see page 23 for the list of chronic conditions that are covered). Your treating doctor or pharmacist needs to call our contact centre. The additional authorisation will be done telephonically and approval is given immediately, subject to criteria being met.

Q What if I do not use Medipost to get my chronic medicine?

A Medipost pharmacy is Momentum Medical Scheme's designated Courier pharmacy. If you choose to get your chronic medication from a pharmacy other than Medipost, we will only pay 50% of the formulary price for the medicine.

Important notes

If you do not obtain approval from Momentum Medical Scheme for your chronic benefits, your chronic treatment will be paid from your Day-to-day Benefits, if available. If you do not have available Day-to-day Benefits, you will need to pay for your chronic treatment from your own pocket. You will need to pay for all medication and/or services that are not approved by Momentum Medical Scheme. Pharmacy dispensing fees will be paid at the Momentum Medical Scheme Rate for medicine.

State provider

If you have chosen State as your provider for chronic benefits, you must select one of the designated State facilities on the list provided by Momentum Medical Scheme to obtain your chronic treatment, prescription and medication, subject to the State formulary.

How to register for chronic medication

1. Contact us via the web chat facility on momentummedicalscheme.co.za, email us at member@momentumhealth.co.za, send us a WhatsApp message or call us on **0860 11 78 59** and ask for a State chronic application form.
2. Ask the State doctor to complete the form. The doctor may also contact us telephonically.
3. The State doctor will assess the patient and prescribe medication as per the State formulary. Please discuss this with the treating State doctor at the State facility.
4. Medication will need to be collected from the State hospital pharmacy once the treating doctor provides the patient with a script or relevant document with the medication details.
5. The completed form must be emailed or posted to us, together with any relevant information/supporting documents to help in processing the application.

Frequently asked questions

Q What if there is a change in the prescribed chronic medication or additional medication is required?

A A new application form, completed and signed by you and the State doctor, must be emailed or posted to us.

Q What if the State facility cannot provide me with the chronic medicine that I need for a chronic condition contained in the Prescribed Minimum Benefits Chronic Disease List?

A If the State cannot provide you with the chronic medicine you need for a chronic condition contained in the Prescribed Minimum Benefits Chronic Disease List, the treating doctor or administration staff at the hospital needs to confirm this in writing on the State chronic application form. Once this is received, you may obtain your medicine from an Ingwe Primary Care Network doctor, subject to a Fixed formulary and Scheme approval. A list of the Ingwe Primary Care Network doctors is available on momentummedicalscheme.co.za. If you voluntarily use a non-designated provider, you will be liable for a co-payment.

Important notes

If you do not obtain approval from us for your chronic benefits, your chronic treatment will be paid from your Day-to-day Benefits, if available. If you do not have available Day-to-day Benefits, you will need to pay for your chronic treatment from your own pocket. You will need to pay for all medication and/or services that are not approved by Momentum Medical Scheme. Frequently asked questions

Q How long are claims valid for?

A If Momentum Medical Scheme does not receive a claim by the last day of the 4th month following the month in which the service was rendered, the claim will be stale and you will need to pay any outstanding amounts to the provider.

Q Can I submit only the receipt for reimbursement?

A No, a detailed claim must be submitted, as it contains important information needed to process the claim (see details of the information needed under the Claiming from Momentum Medical Scheme section above).

Q If I have already paid the claim, how will Momentum Medical Scheme know to refund me instead of paying the provider?

A Include the proof of payment with your claim, or you can ask the provider to stamp the claim as paid.

However, it still remains your responsibility to ensure that your claims are submitted timeously. If you have paid the provider directly, please submit your receipt with a detailed copy of the claim for reimbursement.

Claiming for **third party injuries** and **motor vehicle accidents**

Please remember to:

1. Report the accident or incident to the police and obtain a case number.

 4. If you acknowledge that you will be claiming from the Road Accident Fund, details of this are sent to our appointed Road Accident Fund attorney.
 5. If you have your own attorney, then Momentum Medical Scheme's attorney would liaise with your appointed attorney.
 6. If you need an attorney, you can use Momentum Medical Scheme's attorney.
 7. Your attorney will liaise with the Road Accident Fund and settlement will be made to your attorney, who will in turn liaise with us to pay the refund of any medical expenses that the Scheme covered.
 8. This process applies to claims for yourself and any of your dependants.

Frequently asked questions

Chronic provider: Any and Associated

The Any and Associated chronic provider choice allows you to obtain your out-of-hospital oncology benefits (chemotherapy, radiation, hormone therapy, procedures and consultations), from any registered oncologist, subject to a limit of R500 000 per beneficiary per year. A 20% co-payment applies once this limit is reached.

Who needs to register and how?

Members diagnosed by an oncologist who need some form of chemotherapy, radiotherapy, hormonal therapy and/or supportive therapy need to register on the oncology programme.

1. To register, you must be seen and assessed by your treating oncologist, who will complete a treatment plan request form. The form is available at your oncologist's rooms or from our contact centre.
2. The treatment plan form and histology results must be sent to our oncology department via email at oncology@momentumhealth.co.za.
3. Once received, the oncology disease manager will review the request in accordance with recognised treatment protocols and guidelines for oncology treatment based on clinical appropriateness, evidence-based medicine and your chosen benefit option. If the criteria are met, we will generate an authorisation, and provide a response to you and your treating oncologist.
4. We may need additional information from your oncologist, such as test results, in order to complete the registration process.
5. Your doctor's rooms should contact you when the treatment date has been established.

Frequently asked questions

Q What if the prescribed treatment needs to change or additional benefits are required?

- A Changes, renewals and amendments to your oncology treatment plan must be emailed to the oncology department by your treating oncologist, and are subject to approval and available benefit limits.

Important notes

Benefits that fall outside the specified dates of the treatment plan, as confirmed with your oncologist, will require further authorisation. You must submit a motivation from your doctor via email to oncology@momentumhealth.co.za. If your condition requires additional radiology or pathology to that provided via your treatment plan, your doctor needs to notify the oncology department prior to you having these done. For members who still require follow up (non-active treatment) after active treatment is completed, the first 12 months' treatment will be paid for by Momentum Medical Scheme, in accordance with our clinical protocols and relative legislation requirements. Thereafter, it will be paid from Day-to-day Benefits, if available.

Chronic provider: State

The State chronic provider allows you to obtain your out-of-hospital oncology benefits (chemotherapy, radiation, hormone therapy, procedures and consultations), from an oncologist authorised by us, subject to a limit of R500 000 per beneficiary per year. A 20% co-payment applies once this limit is reached. If you choose to obtain your oncology benefits from a non-authorised provider, you will be liable to pay 20% of the accounts for all oncology benefits, including pathology, radiology, medication and other related benefits and services.

Q What if I resign or retire and I have been a member through my employer and wish to remain on Momentum Medical Scheme?

A Complete a Continuation of Membership form. You may continue your membership when you resign, retire, go on early retirement or retire due to ill health or other disabilities. When your employer terminates the entire company's membership, however, you will no longer be eligible to remain on Momentum Medical Scheme.

Q What should I do when travelling abroad to access my International Emergency Cover Benefit?

- A It is mandatory for all members to pre-notify for travel to any international destination in order to have access to the international emergency cover benefit. In addition to pre-notification, you must arrange for your treating doctor in South Africa to complete a fit to travel questionnaire, confirming the doctor is comfortable for you to travel, if you:
- have been hospitalised in the 2 months prior to travel
 - are registered on any of the health management programmes; including the chronic diseases, oncology and organ transplant management programmes
 - are older than 60 years
 - are pregnant
 - have an underlying illness, such as diabetes, hypertension or cardiovascular conditions
 - have an immune-suppressive condition
 - have any chronic respiratory diseases/conditions.

As part of Momentum Medical Scheme's ongoing managed care principles, the Scheme does not deem it appropriate for beneficiaries who are on active oncology treatment, dependent on home oxygen, or on chronic renal dialysis, to travel, and therefore these beneficiaries will not be authorised for any international emergency cover benefits related to these conditions, even if the treatment is deemed an emergency and the member obtained a fit to travel confirmation. The same applies to maternity benefits and treatment, including childbirth. Please refer to the full list of exclusions related to this benefit outlined in the Travel policy wording.

The fit to travel confirmation is valid for a period of 30 days. If you submit the questionnaire more than 30 days prior to your departure, you will need to provide us with an updated fit to travel confirmation within 30 days of your departure date.

If you are uncertain whether you or your dependants need to obtain a fit to travel confirmation, or if you need any further information, contact us via the web chat facility on momentummedicalscheme.co.za, email us at member@momentumhealth.co.za, send us a WhatsApp message or call us on 0860 11 78 59.

Q What should I do if I need emergency treatment when travelling abroad?

- A Should you need emergency medical, dental, or optical treatment relating to an accidental injury or emergency illness while travelling abroad:
- phone the emergency medical assistance helpline on **+27 (0) 11 541 1263** (reverse call charges are accepted)
 - the preferred provider will coordinate your emergency benefits including emergency transport and evacuation where applicable, on behalf of Momentum Medical Scheme and will settle emergency medical expenses incurred whilst travelling abroad directly with the provider of service, provided that the necessary authorisation has been obtained
 - claims for reimbursement of emergency medical and dental expenses paid by the beneficiary, together with any supporting documentation and authorisation details, must be emailed to internationaltravel@momentumhealth.co.za
 - a R2 070 co-payment applies per out-patient claim paid by the Scheme.

Complaints procedure

Momentum Medical Scheme is committed to ensuring that the interests of our members are protected at all times. This includes providing appropriate and adequate systems and processes to make sure we settle your claims timeously and provide a prompt response to any queries, complaints and disputes you may have.

As the first point of call for a query, you may contact us via the web chat facility on momentummedicalscheme.co.za, email us at member@momentumhealth.co.za, send us a WhatsApp message or call us on 0860 11 78 59. If your query is not resolved satisfactorily, you may request that your query be escalated to the respective manager for intervention or resolution.

If you are still not satisfied with the intervention or resolution, you may lodge a formal complaint or dispute, either in writing or by phoning our dedicated toll-free complaints number on 0800 20 40 70 (available from 08:00 to 16:30, Mondays to Fridays), or you may request our contact centre or correspondence consultant to provide you with the details of the process to be followed in order to have your query, complaint or dispute reviewed by Momentum Medical Scheme.

It is essential that you follow the complaints process as outlined above to ensure that your query is timeously and efficiently resolved by Momentum Medical Scheme.

An aggrieved member does, however, have the right to lodge a complaint against a decision of Momentum Medical Scheme, with the Council for Medical Schemes (CMS). The CMS governs the medical schemes industry and therefore your complaint should be related to your medical aid. Any beneficiary who is aggrieved with the conduct of a medical scheme can submit a complaint.

It is important to note that you should always first seek to resolve your complaints through the complaints processes in place at Momentum Medical Scheme, before approaching the CMS for assistance. The CMS protects and informs members and the public about their medical scheme rights and obligations, ensuring complaints raised are handled appropriately. You can send your complaint in writing to the CMS via email at complaints@medicalschemes.co.za. You can also call the CMS on 0861 12 32 67 or visit medicalschemes.co.za for more information and for the necessary forms that will need to be completed. The CMS should send you written acknowledgement of your complaint within 3 working days of receiving it and will provide the reference number and contact details of the person who will be handling your complaint. In terms of Section 47 of the Medical Schemes Act 131 of 1998, a written complaint received in relation to any matter provided for in this Act will be referred to the medical scheme. The medical scheme is obliged to respond to CMS in writing within 30 days.

Glossary of terms contained in this brochure

- 1. Chronic Disease List** is a list of 26 chronic conditions for which all medical schemes in South Africa have to provide cover in terms of the Medical Schemes Act 131 of 1998.
- 2. Clinical protocol:** Momentum Medical Scheme uses evidence-based treatment principles, called clinical protocols, to determine and manage benefits for specific conditions.
- 3. Clinically appropriate:** Treatment that is in line with the clinical protocols (see definition above) for your condition.
- 4. Co-payment:** This is an amount that you need to pay towards medical procedures and treatments. The amount payable may vary depending on the type of procedure or treatment, and where the procedure or treatment is performed. If the co-payment amount is higher than the amount charged by the healthcare provider, you will have to pay for the cost of the procedure or treatment. A co-payment will not apply in the event of an emergency medical condition.
- 5. Designated Service Providers:** Momentum Medical Scheme uses a network of Designated Service Providers, such as Associated GPs and Specialists, as well as State facilities, depending on the circumstances, to diagnose and treat you for the Prescribed Minimum Benefits. See definition of Prescribed Minimum Benefits under point 16 for more information.
- 6. Emergency medical condition** means the sudden and, at the time, unexpected onset of a health condition that requires immediate medical or surgical treatment, where failure to provide medical or surgical treatment would result in serious impairment to bodily functions or serious dysfunction of a bodily organ or part, or would place the person's life in serious jeopardy.
- 7. Extended Cover:** On the Extender Option, your day-to-day claims are paid by the Scheme from Extended Cover, once you have reached the Threshold level.
- 8. Formulary:** A formulary is a list of medicine covered on your option, from which a doctor can prescribe appropriate medicine for your chronic condition.
- 9. Hospitals:**
 - a. Acute hospital:** A hospital that provides inpatient medical care and other related services for surgery, acute medical conditions or injuries, and which is permitted to provide treatment that includes part of an overnight stay at the facility.
 - b. Day hospital:** A healthcare facility which focuses on the provision of short-stay surgical and diagnostic procedures, performed in an operating theatre on a same-day basis. The patient is admitted in the morning and discharged on the same day.
- 10. Momentum Medical Scheme Rate:** Every year Momentum Medical Scheme negotiates with medical care providers to determine the amount the Scheme will pay per treatment. This is called the Momentum Medical Scheme Rate. On the Extender Option, the Scheme pays up to 200% of the Momentum Medical Scheme Rate, which means even if doctors charge more than the agreed upon rate for the treatment, the Scheme will pay up to double the Momentum Medical Scheme Rate.
- 11. Momentum Medical Scheme Reference Price** is the maximum rand value that Momentum Medical Scheme will pay for a medicine from a group of similar medicines. This amount is proportional to the cost of the maximum dose of the reference price medicines that are included in the group of similar medicines. If you choose to use medication that is not within the reference pricing, you will need to pay for the difference in cost between the medicine you chose and the reference price.
- 12. Out-of-hospital procedures:** These are procedures that are not performed in a hospital. For example, they could be performed in your doctor's rooms or an out-patient facility.
- 13. Out-patient facility:** A treatment centre where medical procedures can be done without the patient being admitted to hospital.
- 14. Pre-authorisation:** Pre-authorisation is when you contact the Scheme to let us know you are about to receive medical treatment. The Scheme will confirm whether you are covered for the expected treatment, and at what rate your option covers such treatment. You will receive a pre-authorisation number which you need to give to the service provider. While pre-authorisation is not a guarantee that your treatment will be covered, it gives you the peace of mind that benefits will be paid in line with Scheme Rules, your option and membership status.
- 15. Pre-notification:** Pre-notification is when you contact us to let us know that you are about to use a Health Platform benefit, such as your annual dentistry check-up.
- 16. Prescribed Minimum Benefits** is a list of benefits for which all medical schemes in South Africa have to provide cover in terms of the Medical Schemes Act 131 of 1998 and the Regulations thereto. In order to access these benefits:
 - Your medical condition must qualify for cover and be part of the defined list of Prescribed Minimum Benefit conditions.
 - The treatment needed must match the treatments in the defined benefits.
 - You must use the Scheme's Designated Service Providers. See the definition of Designated Service Providers under point 5 for more information.If you voluntarily choose to use non-designated service providers, the Scheme will pay benefits up to the Momentum Medical Scheme Rate and relevant co-payments will apply. If you use non-designated service providers in cases of an emergency medical condition, it is deemed involuntary and co-payments are therefore waived.

If your medical condition and treatment do not meet the above criteria to access these benefits, we will pay according to the benefits on your chosen benefit option.

17. Provider definitions:

- a. **Associated providers, eg hospitals and GPs:** These are providers that Momentum Medical Scheme has negotiated agreements with. You pay a lower contribution by selecting to use Associated hospitals and doctors. If you do not use the provider you have chosen, a co-payment will apply.
- b. **Associated specialists:** Momentum Medical Scheme has negotiated agreements with Associated specialists. In-hospital accounts for Associated specialists are covered in full.
- c. **Preferred Providers:** Momentum Medical Scheme has agreements in place with certain providers of healthcare services, which we refer to as preferred providers. You need to use preferred providers for certain benefits. Preferred providers are not the same as Designated Service Providers, which are used for the provision of Prescribed Minimum Benefits.
- d. **State:** State hospitals are public facilities. You pay a lower contribution by selecting State as your Chronic Benefit provider.

18. **Sub-limit:** A sub-limit is a limit that applies in addition to the overall limit on a specific benefit. For example, your option provides you with an annual limit on your optical benefit, within which a sub-limit for frames applies.

19. **Threshold:** On the Extender Option, there is a Threshold for day-to-day claims. It is a fixed rand amount set by the Scheme in line with your family size. Once your day-to-day claims add up to this level, your claims will be paid by the Scheme from Extended Cover.
