Introduction

The Incentive Option includes cover for hospitalisation in private hospitals. There is no overall annual limit for hospitalisation. You can choose to have access to any hospital, or you can choose to save on your monthly contribution by selecting to use a specific list of private hospitals (referred to as [Associated hospitals](#)).

For chronic treatment, you can choose to have access to any doctor for your chronic scripts and any pharmacy for your chronic medication. Or you can choose to save on your monthly contribution by selecting to use a list of Associated doctors for your chronic script and Medipost courier pharmacy for your chronic medication. Alternatively, you can choose to use State facilities for your chronic script and chronic medication to obtain the maximum contribution saving.

The Health Platform Benefit provides cover for a range of benefits such as preventative screening tests, certain check-ups and more.

10% of your contribution goes to a dedicated Personal Medical Savings Account (Savings) to cover your day-to-day expenses. If you need more day-to-day cover, you can make use of Momentum [HealthSaver+](#). HealthSaver is a complementary product offered by Momentum that lets you save for medical expenses not covered on your option.

Momentum Medical Scheme's 2025 benefit and contribution amendments have been submitted to the Council for

Medical Schemes and are subject to approval by the Regulator.

This focus page summarises the 2025 benefits available on the Custom Option. Scheme Rules always take precedence and are available on request.
